#### OFFICEMAX REPORTS THIRD QUARTER 2007 FINANCIAL RESULTS

NAPERVILLE, III., November 1, 2007 — OfficeMaxÒ Incorporated (NYSE: OMX) today announced the results for its third quarter ended September 29, 2007. Total sales increased 3.2% to \$2.3 billion in the third quarter of 2007 compared to \$2.2 billion in the third quarter of 2006. Net income increased to \$49.9 million, or \$.64 per diluted share, in the third quarter of 2007 from \$31.4 million, or \$.41 per diluted share, in the third quarter of 2006.

The third quarter of 2006 included items which are not expected to be ongoing. All financial measures designated in this release as "adjusted" are non-GAAP financial measures that exclude the effect of certain special items. A detailed description of prior quarter special items, and a reconciliation to the company's GAAP financial results, are included in this press release. Net income in the third quarter of 2007 increased 16% from adjusted net income in the third quarter of 2006 of \$43.2 million, or \$.56 per diluted share.

"Our results for the third quarter showed continued progress on our turnaround plans, even as we operated in a weaker economic environment that has had some impact on both our Contract and Retail operating segments," said Sam Duncan, Chairman and CEO of OfficeMax. "We are pleased that the actions we took earlier this year to reorganize and improve performance in our Contract division are generating positive results. In U.S. Contract, we reduced operating costs and expanded operating margin in the third quarter of 2007. In our Retail segment, operating margin declined primarily due to a category mix shift toward lower margin product sales that we could not offset with cost controls within the quarter. We continue to adjust our Retail promotional strategies and pursue other cost containment measures to improve our Retail operating margin."

#### **Contract Segment Results**

OfficeMax Contract segment sales increased 2.4% to \$1.2 billion in the third quarter of 2007 compared to the third quarter of 2006, reflecting a U.S. Contract sales decline of 1.9% offset by International Contract operations sales growth of 16.2% in U.S. dollars, or 4.3% in local currencies. U.S. Contract sales declined in the third quarter of 2007 compared to the prior year period, primarily due to lower sales from existing customer accounts, and from the company's initiative to be more disciplined in new account acquisition.

Contract segment gross margin decreased to 22.1% in the third quarter of 2007 from 22.3% in the third quarter of 2006, primarily due to the continued impact of new and renewing large corporate accounts with lower gross margin rates and the impact of paper price increases. Contract segment operating expense as a percent of sales in the third quarter of 2007 improved to 17.5% from adjusted operating expense as a percent of sales of 18.4% in the third quarter of 2006, primarily due to effective cost management in U.S. Contract, lower incentive compensation costs, and expense leverage in International Contract operations. Contract segment operating income in the third quarter of 2007 increased to \$55.0 million, or 4.6% of sales, from adjusted operating income in the third quarter of 2006 of \$45.7 million, or 3.9% of sales

#### **Retail Segment Results**

OfficeMax Retail segment sales increased 4.0% to \$1.1 billion in the third quarter of 2007 compared to the third quarter of 2006, reflecting the impact of new stores and same-store sales increase of 0.8%. Retail same store sales in the third quarter of 2007 were favorably impacted by same store sales growth in technology categories and ImPress, partially offset by same store sales declines in core office supplies and furniture categories. Third quarter 2007 Retail sales trends reflected moderate improvement in Back-to-School season sales and some weakness in consumer and small business customer purchases.

Retail segment gross margin decreased to 28.9% in the third quarter of 2007 from 30.1% in the third quarter of 2006, primarily due to the impact of a shift in the mix of sales to a higher percentage of technology category sales at lower gross margin rates and a lower percentage of core office supplies and furniture category sales which typically generate higher gross margin rates. Retail segment operating expense as a percent of sales improved to 24.9% in the third quarter of 2007 from 25.1% in the third quarter of 2006, primarily due to lower incentive compensation costs, partially offset by higher store labor costs. Retail segment operating income decreased to \$45.3 million, or 4.0% of sales, in the third quarter of 2007 from \$54.8 million, or 5.0% of sales, in the third quarter of 2006.

During the third quarter of 2007, OfficeMax opened 9 retail stores in the U.S., closed 1 retail store in the U.S., and opened 3 retail stores in Mexico. OfficeMax ended the third quarter of 2007 with 869 retail stores in the U.S. and 65 retail stores in Mexico for 934 total retail stores, compared with 884 total retail stores at the end of the third quarter of 2006. The company continues to expect a total of approximately 60 new retail store openings in the U.S. for the full year 2007.

#### **Corporate and Other Segment Results**

The OfficeMax Corporate and Other segment includes support staff services and certain other expenses that are not fully allocated to the Retail and Contract segments. Corporate and Other segment operating expense in the third quarter of 2007 decreased to \$10.0 million from adjusted operating expense of \$18.8 million in the third quarter of 2006, primarily due to lower incentive compensation costs and reduced legacy-related costs.

As of September 29, 2007, OfficeMax reported total debt of \$384.4 million excluding \$1.5 billion of timber securitization notes. OfficeMax used \$9.1 million of cash from operations in the third quarter of 2007, a decrease of \$197.9 million from the third quarter of 2006, primarily due to the termination of the company's accounts receivable securitization program in July 2007. OfficeMax invested \$41.9 million for capital expenditures in the third quarter of 2007 compared to \$49.8 million in the third quarter of 2006. The company expects capital expenditures to total between \$140 and \$160 million for the full year 2007.

Mr. Duncan concluded, "While we are pleased to have made progress in our 2007 turnaround initiatives, opportunities remain across our business for improvement. We are focused on driving profitable sales, controlling expenses, and increasing operating margin. In our Contract segment, we continue to instill discipline in signing on new accounts, enable cost savings to our customers and better profitability to OfficeMax, and position us for aggressive middle market sales growth. In our Retail segment, we remain committed to effective category management and promotional strategies, controlling and leveraging costs, and implementing our real estate strategy."

#### **Forward-Looking Statements**

Certain statements made in this press release and other written or oral statements made by or on behalf of the company constitute "forward-looking statements" within the meaning of the federal securities laws, including statements regarding the company's future performance, as well as management's expectations, beliefs, intentions, plans, estimates or projections relating to the future. Management believes that these forward-looking statements are reasonable. However, the company cannot guarantee that it will successfully execute its turnaround plans or that its actual results will be consistent with the forward-looking statements and you should not place undue reliance on them. These statements are based on current expectations and speak only as of the date they are made. The company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of future events, new information or otherwise. Important factors regarding the company which may cause results to differ from expectations are included in the company's Annual Report on Form 10-K for the year ended December 30, 2006, under Item 1A "Risk Factors", and in the company's other filings with the SEC.

- (a) See Note 4 for a discussion of these special items.
- (b) See Notes 3 and 5 for a discussion of these special items.
- (c) For the purpose of evaluating our results, net of taxes, we have presented the results before special items using an estimated annual tax rate. For the purpose of presenting diluted income (loss) per common share before special items, we calculated diluted income (loss) per common share before special items without making any adjustments to the number of shares used in the calculation of diluted income (loss) per common share as reported.

#### (1) Financial Information

The quarterly and annual consolidated financial statements included in this release are unaudited, and should be read in conjunction with the audited financial statements in our 2006 Annual Report on Form 10-K. In all periods presented, the measurement of net income (loss) involved estimates and judgments.

#### (2) Reconciliation of non-GAAP Measures to GAAP Measures

We evaluate our results of operations both before and after certain gains and losses that management believes are not indicative of our core operating activities. We believe our presentation of financial measures before, or excluding, these items, which are non-GAAP measures, enhances our investors' overall understanding of our recurring operational performance and provides useful information to both investors and management to evaluate the ongoing operations and prospects of OfficeMax by providing better comparisons. Whenever we use non-GAAP financial measures, we designate these measures, which exclude the effect of certain special items, as "adjusted" and provide a reconciliation of non-GAAP financial measures to the most closely applicable GAAP financial measure. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measure. In the preceding tables, we reconcile our financial measures before special items to our reported GAAP financial results for the third quarter and first nine months of both 2007 and 2006.

Although we believe the non-GAAP financial measures enhance an investor's understanding of our performance, our management does not itself, nor does it suggest that investors should, consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. The non-GAAP financial measures we use may not be consistent with the presentation of similar companies in our industry. However, we present such non-GAAP financial measures in reporting our financial results to provide investors with an additional tool to evaluate our operating results in a manner that focuses on what we believe to be our ongoing business operations.

#### (3) 2006 Special Items

First Quarter 2006

During the first quarter of 2006, we closed 109 underperforming domestic retail stores and recorded a charge of \$98.6 million in our Retail segment primarily for remaining lease obligations and we incurred \$15.7 million of expenses in our Corporate and Other segment related to our headquarters consolidation primarily for employee severance and retention.

#### Second Quarter 2006

During the second quarter of 2006, we recorded a \$9.0 million pre-tax benefit in our Retail segment from an adjustment to the reserve for closed retail stores, and we incurred \$10.9 million of expenses in our Corporate and Other segment related to our headquarters consolidation, primarily for employee severance and retention. Also during the second quarter of 2006, we recognized a \$9.2 million credit from an adjustment to the reserve for the additional consideration agreement that was entered into in connection with the October 2004 sale of our paper, forest products and timberland assets. This adjustment is included in Other, income (expense) net.

#### Third Quarter 2006

During the third quarter of 2006, we incurred \$11.5 million of expenses in our Corporate and Other segment related to our headquarters consolidation, and incurred \$7.9 million of expenses in our Contract segment related to our Contract reorganization primarily for severance.

#### (4) 2007 Special Items

First Quarter 2007

During the first quarter of 2007, we sold OfficeMax Contract's operations in Mexico to OfficeMax de Mexico, our 51% owned joint venture, resulting in a net loss of \$1.1 million which is included in minority interest, net of income tax in our Consolidated Statements of Income (Loss) for 2007.

#### (5) Discontinued Operations

In the first quarter of 2006, we ceased operations at the Company's wood-polymer building materials facility near Elma, Washington. The costs and expenses related to this business are reflected as discontinued operations in our Consolidated Statements of Income (Loss) for 2006 and are included as special items in our Segment Information tables.
